

Why Vision Care?

Two thirds of employees say they would trade a vacation day for eye care benefits.¹

72 percent of employees joined their current employer because of workplace benefits. 83 percent stay for the benefits.²

Vision problems are the second most prevalent health problem in the country, affecting more than 120 million people.³

Nearly 90 percent of those who use a computer at least three hours a day suffer vision problems associated with computer eyestrain.³

Eyestrain is the number one health-related office complaint.³

Uncorrected vision can decrease employee performance by as much as 20 percent.³

Vision disorders account for over \$8 billion annually in lost productivity.³

Employers gain as much as \$7 for every \$1 they spend on vision coverage.³

Why Davis Vision?

Value for the member... you'll see it in their eyes

Our plans are designed to reduce or eliminate out-of-pocket cost. With complete freedom to choose any frame they desire, approximately 7 out of 10 members still choose a Davis Vision Collection frame.

Value for the client... healthy eyes = healthy lives

Our rates are among the most competitive industry-wide for total flexibility in plan design, funding options and network composition. No wonder more than 97% of our clients renew their plan with us.

National network... choice and flexibility

Our provider network includes over 34,000 points of access nationwide and was built around the geographical and provider type needs of our clients – in fact, it has averaged 11% growth per year over the last 12 years in response to client needs. The network includes national and regionally focused retailers, as well as private practitioners. All Davis Vision providers are credentialed through our NCQA-certified process, ensuring exceptional vision care for all members.

Service for all... 100% satisfaction!

We do what we say we're going to do... guaranteed! Our goal is 100% satisfaction for clients and for members.

Quality you can see... caring you can feel

We promise quality: in our work, materials, service and network. We have managed vision care's only ISO 9001:2008 certified laboratories with COLTS prescription and FDA conformance certifications. Our Contact Center is ISO 9001:2008 certified (without design), and our provider credentialing process is NCQA-certified.

Community service... more than just a vision plan

We serve our communities with dedication and care, providing vision services, food, clothing, toys and emergency provisions when needed most.
